IDOT to Host Webinars on the Multi-Year Program

SPRINGFIELD – The Illinois Department of Transportation (IDOT) is seeking input on the development of the upcoming Multi-Year Program (MYP) for fiscal years 2017-2022. The MYP is a six-year plan that details how IDOT will prioritize the state's highway and bridge transportation assets. This year's proposed MYP includes more than \$11 billion in projects, with more than \$2 billion in projected spending to take place in fiscal year 2017.

The latest program will have a positive impact on many communities.

The public is invited to weigh in on the latest MYP by attending one of two webinars.
